Catholic Church Rethinks War *by M. Harrington*

ff Two of this month's articles are concerned with our Catholic brethren. One covers the contribution of the Catholic Worker movement, an important progressive wing of the Roman Church, which, fortunately for us, has its radiating center in lower Manhattan. Our staff artist visited 223 Chrystie Street to catch the spirit of the place with the far side of his sketching pen. . . . Many of us ignorant of the discussion going on within the Church on the morality of war and the problems presented to adherents of the "just war" doctrine by the production and use of mass obliteration weapons will be grateful to Michael Harrington for his informative *The Catholic Church Rethinks War*. . . . *Peace News*' Tom Wardle lives up to his promise to write periodically for us with a brief review of the Welsh Nationalist party, Plaid Cymru. . . . While Hugenholtz of Holland, one of that country's outstanding pacifists, writes of his wartime testing of faith. . . . As our meditative piece we have *Power Houses*, the conclusions of Kirby Page on the possibilities for strengthening fellowship and sharpening religious awareness through prayer retreats.

Strength for These Days—

POWER HOUSES

by Kirby Page

IN SOUTHERN CALIFORNIA extensive use is being made of all-day prayer retreats as sources of spiritual illumination and power. The results are so satisfying that I am now devoting most of my time to extended conversations with groups of twenty to forty people, assembled for serious consideration of the responsibility of being a Christian in such a day as this, and in unhurried prayer.

As a basis of our exploration, we are using these fourteen ways of finding and doing the will of God in our time:

1. Reflect upon the character of God.
2. Saturate your mind with great passages from the Bible, especially with the doings of Jesus.
3. Enjoy constant comradeship with our living Lord.
4. Expect guidance from the Holy Spirit.
5. Receive forgiveness and power in partaking of Holy Communion.
6. Be persistent in private prayer, family prayer, group prayer, and corporate worship in the sanctuary.
7. Experience human fellowship on the highest level.
8. Mellow your spirit by con-

stant exposure to the power of silence, to great music, and to the beauty of nature.

9. Read great books and study the experiences of the noblest men and women of the race.

10. Seek understanding of the breadth and depth of the will of God in all phases of life, especially in the areas of special conflict.

11. Run the risks of doing what is right in God's sight, rather than take the consequences of doing what we know to be wrong.

12. Proceed with confidence in God, and joyously leave the results in his loving hands.

13. Experience eternal life in the midst of time.

14. Value every hour as of priceless worth, and make wise use of time.

The division of time used follows these patterns: 10 A.M., begin with a long-playing record of great music; prayer and conversation until 12 noon; recess and fellowship until 12:30; luncheon in silence except for great music until 1:30; session until 3:30; tea and fellowship until 4:00; (some groups adjourn at 4:00); session until 5:30; recess and fellowship until 6:00; supper in silence except for great

music until 7:00; session until 9:00 adjournment.

An alternate division of time is: 2:00 P.M., begin with recording of great music; prayer and conversation until 3:30; tea and fellowship until 4:00; session until 5:30; recess and fellowship until 6:00; supper in silence except for great music until 7:00; session until 9:00 adjournment.

Some groups meet for an all-day retreat on Saturday, some on Saturday afternoon and evening; some on Sunday afternoon and evening; some women's groups meet for an all-day session on weekdays, with husbands coming for supper and evening session. Sometimes it is better to meet in a home with a large living-room and opportunity for quietness.

In every case several individuals

of breadth of experience and depth of spiritual insight participate in the general conversation about the deeper issues of life. The discussion ranges from the will of God in personal relations to the will of God in economics and world affairs.

Here is a procedure which may be used, with little promotion and little expense, by a pastor or ministerial association or a Fellowship group, with deep and enduring results. Experience shows that twenty to forty people in a circle can engage in intimate discussion and fervent prayer over a period of five to seven hours. Fellowship in prayer and discussion and action is the breath of spiritual life in any church where "two or three" spend time together in seeking to find the will of God and power to do it.

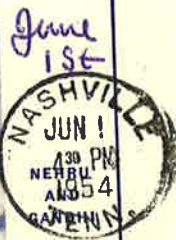

The Dreadful Game

The titanic struggle for military superiority now being waged between nations is on the assumption that material, not moral, force will determine the destinies of people.

No nation is more force-minded today than our own. The people are burdened and unhappy under it, but they do not know how to withdraw because the stakes seem to be so high that the dreadful game must be played on to fortune or ruin.

And within each nation the internal struggle for power between classes, creeds, races and ideologies tends to take on the same uncompromising character.

Dear Friend,

July 10

Thank you very much for your immediate reply. I conferred with Friends at Meeting last Sunday, and they seemed to prefer July 10 over July 31. We shall probably be with you from 10 to 4 on July 10. In case it turns out that someone has to work on Saturday morning, we might want to change the time to the afternoon and evening; but that is unlikely. We'll be 10-20 people.

Do you suggest any special topic and preparatory reading? I shall find out if the Committee on Ministry and Oversight has a topic in mind, and I shall let you know. It will probably be all right for us to bring a pot-luck lunch along.

Sincerely,

Leonora Cayard

You know how deeply interested I am in the spiritual exploration you describe in your recent letter. I am sorry not to be able to attend the meeting today. I do not go anywhere before 11:00 o'clock. With my dull mind, it takes me all morning of each morning of the week to prepare my Sunday sermons.

I hope to join you at a later date.

Thank you for sending information concerning your prayer retreats.

We are thinking of a one day retreat for some of the ministers here in Fullerton, and another for a few of the folk in our own church who are interested in exploring more effective prayer methods.

A little later, I will get in touch with you about a definite date.

Dear Mr. Dietmiller:

Thanks for your frank letter of the 27th. In the light of what you have written, my judgment is that you had put my manuscript in the safe and wait for developments before you reach a final decision.

I have been slowed down in working on my autobiography by my concentration for several weeks upon a new proposal which is outlined in the enclosure. This seems to me to have such great possibilities that I am devoting most of my time to it these days. I still hope to complete the autobiography by the end of the year, but this is by no means certain.

I am grateful for the thoroughness with which you have considered the biography.

To Ministers Who Are Planning to
Participate in the Spiritual Exploration:

The suggestion has been made that we, in five groups, meet for a day of fellowship in prayer and conversation about ways of making the Exploration more effective, and that we bring a lay leader for this experience.

Therefore my wife and I invite you to come to our beautiful hilltop for one of these days:

Friday, July 23
Friday, July 30
Friday, August 6
Friday, August 13
Friday, September 10

Come at 10 A.M. and stay until nine o'clock in the evening, for a glorious period of comradeship. A simple lunch and supper will be served.

If you would like to bring ten to thirty of your members to our home for a Prayer Retreat, from 10 to 4, or from 2 to 9, let me know and we will find a mutually convenient date.

Prayerfully and expectantly,

Dear Dr. Page:

I'm writing on behalf of the Methodist Ministers of Arizona to see if it would be possible for you to speak at our District Retreat, August 23rd to 25th?

The Retreat will be held at our camp in the Chiricahua Mountains southeast of Tucson. We would like you to be prepared to give four addresses; two on Tuesday the 24th and two on Wednesday the 25th. In light of the suggested topics of "Spiritual Exploration" for many of our ministers, we wondered if you could have something along that line.

There is an honorarium of \$50.00 plus expenses. If you could be with us we would make further arrangements as to the details. I would appreciate your early reply.

Sincerely,

Dear Kirby:

Our ministerial group here in San Luis Obispo has not met for the past two months. The fellows are taking early vacations this year. I am handicapped with the prospect of a move to another church. This is not generally known here, although it is anticipated as a possibility. I have been unable to get the men together and have been unable to do much promoting of the spiritual exploration which you proposed. It is certainly timely and I am in full accord with the aims and methods.

You should know that wherever I go, I am going to mobilize my church behind this effort in so far as time and the situation permits.

Dear Kirby:

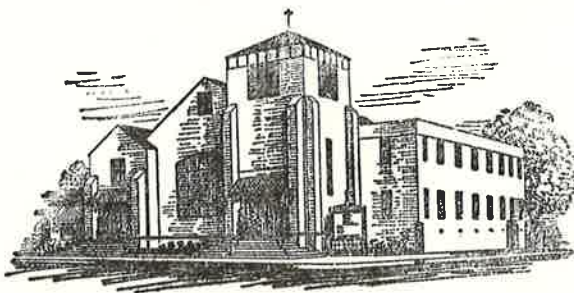

I was sorry to miss the meeting at First Church Glendale last Tuesday, but could not forego an opportunity to see my three young grandsons up near Guadalupe, and so did not get back in time. (Incidentally, my daughter-in-law spoke very appreciatively of hearing you recently)-at Santa Maria)

It seems to me that the proposal you made has great possibilities--if the interpretation given me is correct. Yet I have a feeling that in our prayer retreats, under whatever name we call them, need more direction and discipline that is sometimes given. Twice recently I have conducted such retreats for our Board of Evangelism, one each for preachers and laymen, experimenting with a Protestant adaptation of the Spiritual Direction of Ignatius Loyola. I would like to see other experiments along this line, feeling that the Holy Spirit is sometimes dissipated away in ~~many~~ of our non-directive retreats.

Some time, when I have to be over in Puente, I would like to have a chat with you.

Very sincerely,

I think your Spiritual Exploration idea is a real inspiration and I hope many of our Congregational ministers will want to join you in it.

I greatly regret that, beyond giving the general idea my blessing, there is little I can do. Due to a heart condition, I have to live a very limited sort of life these days - I attend practically no meetings except church on Sunday mornings and haven't preached for over three years. Dear Brother Page:

I feel honored to have been included on your mailing list of the Spiritual Exploration idea. Although we have never met, I attended Whittier College when your boy was also a student there and did know him.

You state that the name signed to the bottom half of the last page of your letter is to be used in a printed folder. For that reason I am not signing and returning the application because I do not want my name used in its behalf in the folder until I feel I know more about it. However, I would appreciate, Brother Page, exploring the idea since I am vitally interested in finding a common ground with my brethren in the ministry and would like to have opportunity to meet with you and see for myself.

I am wondering if our approach to the will of God would not be so dissimilar that the book now being written would be of very little use in the church of which I am now pastor, namely Trinity Methodist. Although I myself could profit greatly I am sure from the thinking of such a company as you have listed. I am of the opinion that it would be so radically different an approach and terminology and all the rest that the little book being especially written would have very little use to my people. However, we can certainly look into the matter and see what might be ~~usue~~ usable.

Thank you again and if you would allow my attendance as an observer I shall try to be at the First Baptist Church on June 8th at the appointed time. If you feel this impractical all you need

Doctor Kirby Page

Dear Kirby:

I have received outlines and chapters of the forthcoming book, which I've read with a good deal of interest and heartily concur in. However, I regret to state that the inevitable has happened, or is about to happen, and I have been warned by the doctor to take off immediately and to stop all activity.

I have been going for practically nineteen years, with seven years of no vacation at all. This, of course, is foolish, I know it, but somehow I have been caught, and do not know what to do. Therefore, I am faced with a ~~an~~ ^a depending health problem, which the doctor tells me could very easily result in a coronary if I don't stop at once and rest. I asked him if I could go ahead working with you and the other ministers on this program, and he said, "No; no mental work, thinking, planning, writing, or administrating of any kind, so that you will be able to resume your work in October." He wants me to get away from here as soon as possible and rest. I have been elected as a delegate to the General Council Meeting in New Haven, and he is not sure yet whether I should even go to that, but he thinks it might be good because it does get me away from here. I've also been asked to be a guest of the U. N. for five days, from July 2 to July 7, which, I hope, I'll be able to do if I get back there.

In view of all this, I find it necessary to heed the doctor's advice, and to refrain from any further work, other than the minimum amount necessary to keep things going here, and to spend the next three months in getting as much rest as I can, so that I may be able to carry on in the fall. He does not promise that I can do much in the fall; he said it all depends on what I do in the next three months. He's been examining me every week and finds nothing acutely wrong, except extreme fatigue, and says that I'm at the age where with fatigue and the lowering of resistance, anything can happen. Therefore, I think it is wise for me to follow the letter of the law as he has laid it down.

Now, Kirby, I would appreciate very much getting copies of the book and other materials if it isn't too much trouble for you to send them. I should be very glad to read it over carefully, and want to be posted on what is going on, and if I feel up to it, I will make any suggestions that I can. There is nothing that I'm more interested in, nothing that I would rather do more, but perhaps I had better lay low for a while, so that I can continue my usefulness a little longer. With kindest regards to you and to Mrs. Page, and with sincere prayers that this program, in which we heartily concur, will go forward, I remain,

My Dear Kirby:-

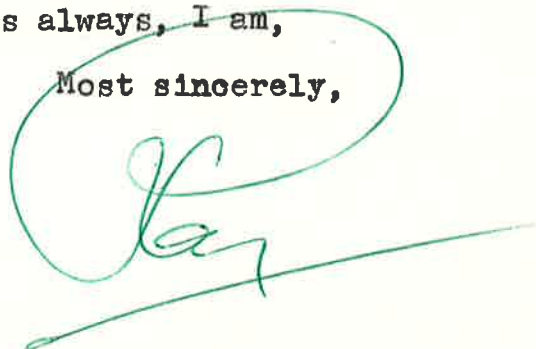

Your note came and I am sorry that I am not able to offer a personal testimony, the difficulty being that I was not able to get in on the conference. I was tied with other matters which prevented. Maybe I can have another chance sometime somewhere.

And when that chance comes I would be glad to take you out to lunch just as I did in Minneapolis a good many years ago! Surely you have not forgotten that affair.

Retirement fits me pretty well, but I am desperately busy with an excessive load of writing. Glad of it, however.

With kindest greetings always, I am,

Dear Dr. Page:

I remember, as one of the organizing-insights of my student days, your statement in a talk at Monmouth College where I studied 1929-33, "Man IS a spirit, he HAS a body".

The announcement of your speaking for the Los Angeles OFO this coming Saturday night has come to hand, and I shall endeavor to be there. It will be a pleasure to hear and meet you again.

A bit of interest is being aroused, nationally as well as locally, by the work of the Religious Research Foundation, with which I have the honor of being associated. The very concept of basic research in religion seems possessed of dynamic impact and expanding potential, and the results to date - particularly the Prayer-plant research and the Soul Dynamics - have attracted interest in themselves.

With all good wishes,

Sincerely,

Dear Dr. Crane:

I am surprised and chagrined to get copy of your letter to Kirby Page.

You have had close contact with the Service Committee and you should know that this is not the way to operate when a region brings a speaker into its area for one-day conferences. In fact it is not the way to operate - period.

Kirby Page will be here under AFSC auspices and we assume full responsibility for Kirby's itinerary, and I have to report to you that his itinerary is completed and it will not include Detroit.

Maybe this is not written in Friendly fashion, and had it been someone in lesser position and unfamiliar with the way we take care of speakers, I would feel this should be much less severe.

I have the warmest regard for your own wonderful ministry and I am aware that from the point of view of giving Kirby an outstanding opportunity it would be good to come to your church for the occasion you mention. We have had more requests for Kirby than we can fill and I feel that those who have supported our speaker program regularly should have the preference in scheduling Kirby in this region, even though it means taking him into lesser places, probably paying a financial penalty for doing so, but with the satisfaction of honoring the wishes of those who, when we have had "lesser lights", honored our work by working cooperatively and devotedly with us.

Dear Sir, I received your letter telling of your experiences in Prayer Retreats. The United Church Women of Ontario Communities voted at our recent Board meeting to try to find a date in June for any Monday or Tuesday when we might come to your home for such an experience. Those dates would be either June 14, 15, 21, 22, 28, 29. We would like to come at the 10:00 o'clock hour

and stay for any hour you
indicate, not later than 4:00 P.M.
And would you explain about

I have tried to reach you by

Could you let us know as soon
as possible?

Dear Friends,

I have just been down to the ocean. As I floated there, being buoyed up by the great waters around me, and gazing into the blazing sun, the parallels overcame my heart. It comes to me that we who were sheltered together for a great moment under the mantle of God may want to keep some touch with each other in our daily lives. We will always be kin. Shall we share some of the happenings, small and large, that come our way?

If you would like to, write a note about yourself and your family. Send it to me, and I will try to combine all the communications and send copies to all of you. Or does some better way of sharing occur to you? If so, please tell us about it.

Perhaps I may include with this a few words about the Rudnicks. Husband Phil (a physicist) is on vacation now, and we will soon go on a short camping trip in the Sierras. Daughter Carol, who will be a senior at Stanford next year, is working in a laboratory this summer. Son Bill is at the restless age - nineteen - and would like to interrupt his college career to travel. Whether or not he decides to return to his third year in the fall, he is at least getting a taste of being away now, as he is spending a summer term at the University of Guadalajara. For myself, the biggest hope I have right now is that I may get to Yearly Meeting. Somehow, and I don't believe I am wholly clear as to the reason, the Whittier experience has made me feel urgently that I must manage the long trip to Seattle. I hope way may open.

And I do pray that way may open for all of your concerns.

Kirby - what a wonderful week it was
together - I hope all is well with you.

FRED B. TROTTER, MINISTER

Dr. Kirby Page

My dear Kirby:

My long stay in the hospital has made it impossible for me to answer your communications previous to this. However, I am vitally interested in this urgent endeavor, as you call it, to gain insight and power into the will of God.

Although I have not been able to attend any of the discussion groups, nor have I with too much scrutiny read what printed matter is available, I am certainly in complete harmony with the idea. I have not talked to Russell Clay regarding this matter, but I am wondering if he could be used as a leader for such groups in the Pasadena District of the Methodist Church. This would seem to be a natural organizational unit and would also give me the opportunity as District Superintendent of giving support to this type of work.

Even though I have not been too closely associated with this movement, I would like to make one or two suggestions. If they are out of line, you can ignore them.

It is very difficult for Americans to get the idea of acceptance into their lives. I sincerely doubt whether we will get very far into discovery of the will of God until we first of all commit ourselves to His purpose. It seems difficult for us to get beyond giving sanction to the will of God, not allowing His plans to operate in our own lives. This is so closely associated with the idea of resignation, which word is anathema to aggressive go-getters, but a mere reading of the scriptures that have to do with the Garden of Gethsemane reveal the necessity of this position - "My Father, if it is possible, let this cup pass from me; nevertheless, Thy will, not mine, will be done". Once one is convinced that he is in harmony with the purpose of God, then there is an access of power which should enable him to take a Christian stand on all of the social issues of our day.

As last Sunday was Pentecost Sunday, I took the time to study what men were preaching about. It would seem from a cursory examination of church notices that many ministers "did not so much as know that there was a Holy Spirit".

It also occurs to me that this movement should be geared into the church triumphant. This might lead us into some of the publicized difficulties of the Evanston group, the different interpretations of eschatology. It does seem that we could agree upon the ultimate triumph of goodness so that we might know that we are playing a winning game and that the universe is on our side.

We are indebted to you for your editorials which we print practically every week in our church paper. It must be a satisfaction to you to realize how widespread and effective your ministry is.

Dear Mr. MacLennan:

Just why this vituperative spam from you I am at a loss to understand. If you have some special protocol and some meticulous methods of procedure that you demand should be observed, I have obviously been left in ignorance of it.

Having done my stint for the Friends Service Committee for a considerable number of years now, and having enjoyed a relative degree of freedom as to appointments I would prefer to accept, I did not know that some particular local totalitarian technique was in vogue with reference to Kirby. I have known this man intimately as a warm personal friend for forty years. My natural instinct is to write him a personal word of invitation instead of going through some local office. I scrupulously sent you a copy of the communication so that there would be no misunderstanding and apparently ~~it reached your eye so that you came forth with this~~ ~~questioning~~ I inadvertently hurt your feelings and I am sorry.

Under separate covers I am sending you five ^{brand new} copies of the same issue of a Digest, one of which you may have with my compliments, and the remaining four copies are my contributions to the book table of the "Prayer retreat" of your home. Long ago I had bought ten copies of them for 25¢ each, to help other sufferers read my brief but very valuable article on its 14th page. Hope you won't miss reading it. My name: John R. My article alone is worth over a dollar, so that Mrs. Page would do well to sell them at the cost price of 25¢ each, in order to put the money into the same change that she keeps on hand to pay her cus-

Tomers. Had I read a similar article about four years ago, it would have saved me over \$100.00 doctor-bills. So people who come to your retreat and who wish to know the real cause and cure of strangling asthma and of too much bleeding after teeth-extraction, should be more than eager to buy them at such a small cost.

The enclosed circular is to help any one stop doctor shopping, by doctoring ones self on most functional ailments. The books mentioned in the circulars, together with my article, are trail-blazers in the matter of regaining and maintaining good health. I wish everybody were brought up that way. I found out that if I do not take to the kindly way of instruction, I'll have to learn my lessons by sufferings.

Concerning David Hyun --

Post Office Box 26026
Los Angeles 26, California

June 14, 1954

Dear Friend:

We whose names are signed to this letter desire your attention for a case we think deserves thoughtful consideration.

It is the deportation case of David Hyun. David is the son of the Reverend Soon Hyun, a Methodist minister who served in Korea and Hawaii, 1905 to 1940. In Hawaii he was under the appointment of Bishop Baker. The father is now resident in Los Angeles on a retired basis. David has lived in the United States and its territories nearly all of his life. His wife and two sons are native-born Americans. He is a successful and well-respected architect.

The situation briefly is this: David has been placed under deportation order by the Immigration Service. His case is now under appeal to the courts. We are naturally not in a position to deal with the legal question. We have no knowledge of the issues at stake there.

However, facts have come to light which convince us that should David be deported to South Korea, not only will his family be broken up, but he is likely to suffer physical persecution if not summary execution. The enclosed brochure gives authenticated testimony on this point. We hope you will examine it carefully.

Here is the action we propose. Under the McCarran-Walter Act the Attorney General of the United States is given authority to change the order of deportation if he believes that bodily harm may come to the person deported in the country named in the order. A petition is enclosed. If you are convinced, as we are by the material in the brochure, we appeal to you to sign the petition and return it to the address given at the bottom of the page.

SOUTHERN CALIFORNIA - ARIZONA CONFERENCE

THE METHODIST CHURCH

June 15, 1954

Dear Dr. Page:

I wanted to give you what I know of the backers and background of the organization known as World Goodwill, which published the pamphlet I gave you last Sunday evening. I will indicate direct quotations and other points will be paraphrased.

"World Goodwill is an organized movement to aid in establishing Right Human Relations by making the constructive power of goodwill available and effective in solving the Problems of Humanity." World Goodwill is one of the activities of the Lucis Trust, founded in 1922 by Alice A. Bailey, Foster Bailey and Ernest S. Suffern. The trust is incorporated in the U.S.A., Great Britain and Holland. The international trustees are Foster Bailey, chairman, U.S.A.; Robert Assaglioli, Italy; Gerry Jansen, Holland; Major James A. Tetley, Mary W. Turner, Great Britain; Frank Hilton, Regina Keller, U.S.A. No membership fees or dues are required, money coming from voluntary contributions of men and women of goodwill everywhere. International Headquarters is located at 38, Broadwater Down, Tunbridge Wells, Kent, England, with groups in various countries financed by men and women in those countries. "The objectives of World Goodwill are not contrary to any man's religion or ideology or economic convictions and are absolutely non-political and non-sectarian. It therefore functions freely everywhere across all national boundaries and above all racial prejudices, it antagonizes no man because it is entirely constructive and leaves every man free. It does not pass judgment upon or work against any ideology or any government or any established religious practice."

Knowing nothing about the people behind it, I was impressed with "The New Group Of World Servers," because it seemed to me to be what God Himself is asking us all to do. Whether we have accepted Christ or not, as world peoples, God is still Father of us all, and we all have the obligation to act as brothers, interested in sharing with our brothers what has come to us. I am enclosing also a copy of a second publication which is in line with some of your remarks of last Sunday evening.

I am extremely grateful for the opportunity to hear you and exchange ideas, although exchange is somewhat of an affectation on my part. I am hopeful that I can serve to further spread, in my own circle and elsewhere, these ideas which offer the only solution to the terrible predicament in which we are found.

With best wishes, and prayers for your work, I am

Sincerely yours,

- 9:45 p.m. Informal Session, Provident Building

The Institute concludes on Monday morning, July 5th, at about 11 o'clock. The last meal to be served will be breakfast at Campus Inn.

As you have seen in the announcement, the Institute program will center around the morning discussion groups, to which all full-time participants will be assigned. In order to assign you to a group which will include a variety of interests and background experiences, we are asking each participant to send us some information in advance. This information will also be helpful in a small research project in which we would like your cooperation.

Would you be good enough to fill in the enclosed questionnaire and return it to us at your earliest convenience.

We look forward to seeing you at Whittier on the 28th.

Sincerely yours,

Robert S. Vogel

My dear Friend:

I am thoroughly in sympathy with and glad to commend your "Spiritual Exploration". My reason for not writing you to that effect was that I am so heavily booked for the coming year that I cannot myself share in it. This is chiefly because Redlands University has invited me to head up a somewhat similar project involving their faculty and the relationship of religion to higher education under the Danforth Foundation. ✓

I will have very heavy responsibilities in July and August here at the Church, and getting ready for the first extended meeting of several days with the Redlands faculty in early September.

We all appreciate the material you are sending out for use in the papers, and we are thrilled with the way in which you use your life to support these important Christian under-girdings of man-God contact, both individual and societal. Keep it up.

My dear Dr. Page:

It has been a long time since you wrote me about John and Marjorie Raitt and the possibility that they might devote their full time to religious singing for a period of time in Southern California. I think this would be a wonderful possibility. The main thing is to get such events scheduled long in advance. The combined honorarium of \$250 per evening is, it seems to me, entirely reasonable, and entirely possible for our churches provided we do know well in advance. The getting out of the crowd is made possible, as you well know, by two things -- the right presentation, which John and Marjorie would be; and in addition, the good organization of publicity, etc. on the home field.

Very sincerely yours,

Henry David Gray

STUDENTS IN INDUSTRY

JUNE 17 TO AUGUST 29, 1954

PURPOSE

The Student YMCA and the Student YWCA sponsor this project in order to make available to students a summer experience profoundly concerned with interpreting within the framework of the Christian Faith the economic, racial, political, and social problems of a great industrial city.

WORK

Students secure industrial jobs, work regular hours for prevailing pay and enter into the common experience of industrial life in a large city. In the orientation weekend and opening sessions, students will get acquainted with typical sections of the city, visit some of the industries, and learn of the work opportunities available. Each student is responsible, however, for securing his own employment in a real industrial job. The hours spent in looking for a job, in applying, and in "pounding the pavement" have proved to be some of the most valuable of the summer's experience.

SEMINARS

Seminars and discussions will be planned in part by a committee made up of former project participants and then developed by the student program committee and the director. These make possible some insight into the problems of industrial workers and industrial management. Job satisfaction, security, the American standard of living, labor unions, labor-management relations, collective bargaining, Christian principles for economic life—all these are within the compass of the seminars.

GROUP LIFE

Cooperative living arrangements are made for the group in the vicinity of the University of Southern California. Through the "co-op" all share in household duties. In addition to spontaneous group recreation, plans have included a concert at the Hollywood Bowl, a play at the Greek Theater, days at the beach and in the mountains. Experiences of group worship are planned by a committee with that responsibility.

LEADERSHIP

Dr. and Mrs. Paul Eugene Pfuetze will serve as directors of the 1954 Project. Paul is the head of the Philosophy Department at the University of Georgia. Louise is a former Student YWCA Secretary and both of the Pfuetzes have had many years of close association with the Student YMCA and YWCA Movements. They are not strangers to the West Coast having been related to student work in the Pacific Southwest Region at the College of Pacific and in Pasadena. They were also Co-Directors of the 1949 Leadership School in Berkeley.

To: Members of Sturtevant and Wrightwood Older Youth Retreat Faculties

Dear Friends:

The coaching conference for the faculties for the two retreats mentioned above will be held in connection with our annual conference in Redlands, Friday, June 18.

Since we have experienced institute leaders on these faculties it was the judgment of the committee that we did not need an extensive training period. However, they did feel that it is very important that we get together as a faculty for a time of orientation and some planning.

We will meet for supper at the La Posada Hotel at 5 :30 p.m. Please plan to be there a little early or at least on the dot! This will make it possible for us to complete our business and still return to conference to hear the speaker. I am sure you will be interested in hearing him, Dr. David MacLennan, famous Scottish preacher and instructor of Homiletics at Yale Divinity School.

The dinner will cost \$1.75. We will provide for any travel expense necessary to the meeting. Please make your reservation on the enclosed card.

Most sincerely yours,

Thomas K. Farley

Thank you for your note of June 11. I think it would be exceptionally opportune to include in one of our Bulletin mailings the folder on Spiritual Exploration about which you wrote.

It may be much more desirable to do this in the Fall. We shall not have another scheduled mailing, after July 1, until some time in September. Our July-August bulletin will be mailed the first week in July, and I rather think that it is already pretty well packed with material.

If we include the folder in this general mailing we shall need approximately 2500 copies.

My dear Dr. Robinson:

In March when you were out here you gave a splendid
address. One effect of that was that a former elder of
our church was deeply moved. He is a Texan. He came
to me the next day and said that he would like to provide
a scholarship for some promising colored boy or girl. I
corresponded with the Board of National Missions.
Arrangements have been completed, I believe, for the fall
term.

I am writing now, not only to express appreciation for
this good work, but also to get the name, if I may, and
other particulars concerning the Communist who united with
your church on profession of faith receiving baptism last
December. This Communist, as I recall the story, was a
heckler at one of the meetings that you held in the Orient.
He was an agitator, determined to destroy any possible
good effect of your message, and otherwise made a nuisance
of himself.

I would indeed appreciate the facts concerning this very
vivid illustration of the power of the Gospel, and the
vindication of the Christian way of life.

Dear Mr. Page,

Allan Hunter asked me to write and verify our proposed meeting at your home on Sunday afternoon, July 4th. The hour of 3:00 p.m. seems best as I think of it now. This should allow at least a 2 hour discussion before we need to get ready for the evening session at the Whittier Institute. I'm not sure at this time when this begins but we plan eat picnic lunch in Whittier before the session.

Due to the holiday weekend it's difficult to estimate how many will participate but my guess is between 10 to 20 Young Adults.

If you care to send directions as to the "easy" way to get to your home they'd be appreciated otherwise we'll endeavor to follow the map.

Dear Kirby:

This wee and hurried note is just to call "hello", to let you know we are here, and that we are directing the Students-in-Industry project for the Student YMCA-YWCA.

We are thrilled to note that the local sponsoring and arrangement committee has already planned an outing for our group at your home on Sunday, July 18. We would have seen you in any event, but it is grand to know that we are permitted to bring the students for an all-day visit at your home.

There are 24 students, from as many universities, and including three from other lands--one German, one Turkish, one Hindu. They are a good gang, I think, and after living with them for only a few days, we are pleased with their promise. They have been seeking employment all this week, and after some discouragement, and a few "low" periods, they are picking up. Over half now have some employment, and the others have some good prospects and are encouraged. Heavy industry is slow just now, but there are many other things, especially in small industrial plants. So morale is high, and by next week I think the whole lot of them will have jobs that will at least pay their expenses and provide the kind of learning experiences which the project is planned to provide.

This letter, then, besides sending you and Alma greetings, is to confirm the date of Sunday, July 18 for an all day outing at your home on the hill top, and to ask if you have any special plans or suggestions as to how we might best spend the day. Do you have anything special on your mind and heart these days which you want to share with our students, or do you want to start with their experiences and help them to interpret their insights and learnings? or what?

We have visited Allan Hunter's church for last Sunday's worship, and spent a couple hours with him in general discussion. We will visit the Whittier Institute next Saturday. And we will have had some discussions of the Goals of Economic Life, Christian values, and the social responsibilities of Business and Labor.

Our fondest regards to your family,

Just the other day, I ran across an announcement about the Spiritual Exploration groups meeting in various communities. Not long before, I'd encountered the article in Fellowship about the retreats at your house and was likewise interested.

I'd appreciate knowing if anything of this kind is going on this summer. I expect to be around until about mid-September, as it looks now, at which time I expect to go east to finish up at Yale Divinity. Until then, I'll be here in Arcadia as Youth Director and summer program director.

During this time, the chance to participate in any of these retreats would be welcome.

Thanks for your letters. It was good of you to write to Harold.

Association Press is putting the biography in the safe indefinitely and is not reaching a decision at this time. My judgment is that it will not be published.

Thanks for the bottle of pills. You will rejoice to know that the doctor has found a way to bring my blood pressure down to 135 over 90. For several months I have been taking Apresoline tablets and they are doing the trick. I take plenty of rest, including an hour after lunch. Have rarely ever felt better.

Plans for the Spiritual Exploration are going better than expected, and it now seems that 200 churches in Southern California and Arizona will engage in a common search beginning in the fall. A printed folder will be distributed widely throughout the United States. One little book is nearly completed and the other one is half finished.

We are having a steady stream of groups coming to our hilltop for all-day conversation and prayer.

Our beloved music continues to be an inspiration and joy. You folks are often in our thoughts and prayers.

Dear Kirby,

At last — to write you a note in appreciation of the notes I've received from you.

I've just preached on the two subjects we began to explore: "How do I find God," and "How Can I discover His will for me." I've said very little about a plan for spiritual retreats because I find some rather rigid prejudice against them — my people are so engrossed in building and growing that they feel spiritual items like prayer can not be pragmatic enough. However, 12 men have become terribly interested in Bible Study. Out of this

group there seems to be a good
start.

While I am away the month of
August I hope to have time away
from mundane administration to
do reflective & creative thinking. In that
(the) time a plan ought to fall
which will be workable.

This one thing I can say in
self appraisal: I am too often
afraid that people are not interested
in the deeper resources - I find
out every day that they are,
terribly thirsty and need only to
have the way shown.

I plan to come out to your
home on Friday, 10th September and
shall try to bring my Lay Leader

Dear Dr. Page:

I have read chapters 3, 4, 5, and 6 of the new book and I find myself in full agreement with all of the basic ideas. It seems to me that the material is very well written and I think it should prove helpful. I do not believe I have any suggestions to make at this point.

I hope to be able to attend the September 10 meeting of ministers and laymen. Enclosed please find a check for \$3.00 which is intended to help with the expenses in preparing the materials for the spiritual explorations.

Dear Kirby,

You will never know all the good that you have accomplished. The good that was done to my students at Kisk was incalculable.

I am delighted that you have all the speaking dates you need. Cant I send you a couple of thousand of the enclosed postals on Gandhi free for you to distribute at your meetings. Also can I not send you 20 of my paper book Peace, War and You at the special price of 60 cents each for you to sell at your meetings. I realize that you cant do much of this but I should think a few of these at your meetings might be useful.

Dear Kirby:

I am here with the Shenwood
Eddy Seminar (which I took also in 1937).
Shenwood of course is not alone, but we
are having a fine time under Dr. Dupré.
I shall be home on August 3rd.

Press of duties in getting off from
California, plus need to attend annual
Methodist Conference at Redlands,
kept me from getting time to send you
an answer on the materials you were
good enough to give me on The Spiritual
Exploration.

I regret that I cannot come to any
of the days for which you invite us all to
your home. I am abroad on the first two, just
back and having to be in my office to see a visiting
dignitary on the third, on my way to Evanston
on the fourth, and beginning our fall program on
the fifth date. Not being a pastor I have
no church in which to organize a group,
and our students so commute that they
can't assemble for a group except as
they may do so in their own churches,

as I judge some of them may. Therefore
I cannot be a conductor or guide or
organizer in it. I can add my
name to the list of those who
commend the exploration, a fine
list and one I should be glad to be
included in, if this can properly be
done with the understanding that
this commendation means only
commendation and not participation
except in spirit. Such a meaning
may seem too cheap and easy,
although as I look over the list I
think it is all some of those friends
can do and are doing. So use your
judgment according to your
interpretation of your plan. I
wish my own residence could
center in the location of experience
which you have, but at the moment
it operates in other ways, temporary
and not ultimate, but required if I
am to be true to my responsibility.
I'll try to come to one of your gatherings
on some later Saturday and run over
things with you. Best wishes in all ways.

Most sincerely
Earl Cranston

Dear Kirby:

The past year has been a most hectic one for me and I am chagrined that I never acknowledged your communication about Sherwood Eddy. The fact is that I have not had the privilege of sufficient contact with Sherwood to have much to contribute. I saw the excellent manuscript which you submitted to the Association Press and I am sure the people on whom you drew for material more than represented any small knowledge that I might have had. I have not heard from Press about their decision on the book, but I certainly hope it will be published.

Members of the Student Movement Staff frequently speak of you and we continue to be aware of your work. It is an inspiration to us all that your vitality does not seem to have diminished and that you are engaged in so many good works.

With all best wishes,

Sincerely yours,

R. H. Edwin Espy

Dear Dr. Page:

I have your letters of June 26 and 28.

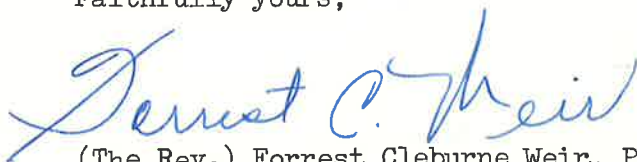

Concerning the folders which are to be mailed to ministers, I think it very important for convenience in processing for it to be of the proper size to fit naturally into one of our bulletin envelopes. I enclose an envelope of the size we use, so that you can see the dimensions of the folder which will fit conveniently therein.

I shall be glad to send, along with a personal letter, copies to the executives in Southern California.

I believe it will be quite all right to list the Southern California Council of Protestant Churches as the address to apply for additional copies of the announcements we send.

With every good wish to you personally, I am

Mr. Kirby Page

my birthday 59

Dear Mr. Page:

I appreciate your answering my letter. Sorry to hear you are in poor health but glad to hear you are acquainted with medical work of Seventh Day Adventists. Have you read the book "Your Friends The Adventists" by Arthur S. Maxwell?

The Adventists are the best friends God and man have on this earth. The only people who have taught man to worship and obey God. Others teach people to go to the building on Sun. A.M. but did not teach them that we must be born again and search study, hide God's word in our hearts and use as a lamp unto our feet and light unto our path.

No one knows the meaning of friendship, who is not interested enough in God and prayer to study the Bible and learn what it teaches about God. Jesus said "If ye abide in me and my words abide in you, you shall ask what you will and it shall be done unto you." If ye continue in my (Jesus's) words then are ye my disciples indeed and shall know the truth and the truth shall make you free."

Multitudes of slaves of Satan and his children because have not continued in Jesus' word.

One weapon God told us to use was "Bonds of the Spirit and of God."

Jesus said "It is written my house shall be called a house of prayer, but you have made it a den of thieves. I never found a house of prayer, until I visited in homes, schools, churches of Seventh-Day Adventists and I was

past 1/2 century.

America called a Christian nation & host of 4 freedoms.

Dear Mr. Page I pray you your family, friends, neighbors enemies will all unite with the Seventh Day Adventists & use all your energy & influence on others to do the same.

Andrew Wilson said "When you have read the Bible, you will know it is the Will of God, because you will have found it the key to your own heart, your own happiness and your own duty."

Adventist my people I have found who seem to have the key to the Bible which opens minds and hearts of those who read.

Many Bibles, Hoses, Pattersons, Edgys, Myrtles, Charles Fellmans & other cult leaders claimed to

have only key to the Scripture
but Satan presented them the
key to his city ~~namely~~ his city
& they have unlocked all the
gates & unlocked all their
children as Peter ^{John} ^{Scripture} told us
they would. It is time to call
inhabitants of this earth.

The Religion of Prince of Peace
is our Blessed Hope and ad-
ventists only people who have
given world any hope.

Others told us to trust in
mortals their words, institutions
organizations. Mrs. Roosevelt
said W.H.C. was our best hope
for peace & most bring me
seems to believe that Mrs.
Eddy who said Mind is God.
She meant her mind & her mind
as did Pops, & all world
leaders.

Will be so happy to know
that you are united with us
in helping spread good news
of soon return of Prince of Peace

King & King or tell the Good News
magazine & press. Write Mildred
Call & tell them you have
trinited with us.

Billy Graham said we should
not criticize churches. They should
know the Truth & face facts & be
permanently to later. Buildings
are not churches. Someone has
said "The church is not where you
pray but you who pray."

H. M. S. Richards said: The church
is not a gallery for exhibition of
perfect Christians but a school for
^{education} imperfect ones. The church is not a
rest camp. It is a front line
trench in the struggle and warfare
of God. The church is a bearer of the
news of salvation. It is an agency
for blessing the world.

Few have known what true
Church of God is & Christianity.
S.D.A. know because know the
Bible & spent more time in

study & prayer. Than any other
people. I know this is truth
& facts.

Yours Truly

Dear Kirby and Alma:

Many thanks for your gracious and enthusiastic note about our visit to your home on Sunday, July 18.

One detail which I forgot to mention. In an earlier note to Chuck Palmerlee, you had said that Alma would prepare a simple meal at 50¢ per person. Are you sure you want to undertake that task? Alma surely has other things to do besides preparing a lunch for a bunch of hungry students. On the other hand, our students are already getting a bit tired of the daily sack lunches we prepare for them to take to their jobs, and they would probably appreciate a change of cooks.

I just want to make it clear, Kirby, that we could prepare and bring our lunches (either individual lunches or as a big family picnic lunch), and that we do not want to cause you and Alma extra work and inconvenience. But since you yourself mentioned this, I thought it would be best to clear with you and get our "signals" straight.

If Alma wants to plan a simple meal for us, perhaps our students could help her with the work of preparing and serving it.

Whatever you plan or desire will be all right with us. Just let me know so we can plan accordingly.

It is going to be grand to see you again--and especially on your hill-top. And, by the way, what is this I hear about an oil-well on your hill????

Devotedly,

Paul
